CCSF Mission and Vision.....

Purpose of the Professional Development Plan 202023

The purpose of this plan is to provide a framework that implements goals of the Education Master Plan (EMP), builds inaccountability, establishes dynamic goals, and creates transparency while prioritizing the climate of our institution.

Planning process

In an engaged and participatory process, the workgroup reviewed and evaluated the previous PD Plan, the Education Master Plan (EMP)ats and responses to Flex Day surveys. The PD Plan20220 speaks directly to achieving EMP goal VIII, expand and encourage opportunities for professional development. Further, recognizing the preeminence of the EMP for CCSF institutional planning, and noting that PD activities are necessary for the college to be able to achieve the other EMP goals, the workgroup chose to use EMP as the framework for the PD Plan.

The workgroup conducted a needs assessment through a review of Flex Day survey responses (2 2019, and January 2020). Focusing on suggestions for future professional development activities, the group distilled and synthesized themes and mapped the results to EMP goals. The three EMP goals with most mappings were selected as Flex strands for pone of the plan (2020021). The workgroup used these mappings, along with other constituent input, as the basis for specifying activities to support each goal. After the workgroup developed a coherent draft, the plan was presented to governance and constituency groups for additional feedback and revision.

Framework Education Master Plan Goals 20t12025

- I. Improve the student experience
- II. Institutionalize equity
- III. Improve communication
- IV. Strengthen credit and noncredit programs
- V. Improve operation of the College
- VI. Strengthen community, education, and industry partnerships
- VII. Maintain, improve, and uild facilities
- VIII. Expand and encourage opportunities for professional development

The Professional Development Plan (PDP) serves as a means by which the college implements the EMP goals. The PDP complements and supports other college plans, including the Technology Plan, Student Equity Plan, and Adult Education Plan. For more information, see ccsf.edu/plans.

Annually in early spring, the Professional Development Committee (PDC) will review Flex Day survey responses, other available input from constituency groups, and any additional considerations determined to be relevant. Themes identified will be mapped MPEgoals. The PDC will select the set of EMP goals for particular focus. For each selected EMP goal, PDC will identify a set of activities covering the three employee constituency groups (classified staff, faculty, and administrators) by constituency and for the college as a whole. The PDC will also develop the Flex theme for the upcoming year.
